Dixie Turning to Fireworks.

The most notable feature of the fireworks business, dealers say, has been the creation of a demand in recent years for fireworks in the south for use on July 4. The fact that the south is beginning to take up in the conventional way the celebration of the nation's birth points very strongly, they believe, to the undermining of the last sectional differences.

The demand this year has been far larger than ever before, they say. One northern fireworks firm recently received its first order from Florida, while another has been shipping large quantities to North Carolina and other southern states. Heretofore Christmas and New Year's have been the "noisy" days of the south. Baltimore always celebrated with fireworks, but not very vigorously, and across the Potomac the Fourth of July was as serene and noiseless as any other day.

To Wash Knit Underwear.

When washing knit wear or other garments by hand which have heavy buttons, button the garment together, as if being worn and turn wrong side out. This does away with the annoying scraping on the washboard which injures the buttons, and also protects them as they go through the wringer.

Headache and Nervousness Cured.

"Chamberlain's Tablets are entitled to all the praise I can give them," writes Mrs. Richard Oip, Spencerport, N. Y. They have cured me of headache and nervousness and restored me to my normal health." For sale by all dealers.

Had Discovered That.

"How's the baby?" asked the neighbor of the new father. "Fine," said the proud parent. "Don't you find that a baby brightens up a household wonderfully?" pursued the friend. "Yes," said the parent, with a sigh, "we have the gas going most of the night now." —New York Globe.

CRESCENT CITY NEWS

PERSONAL AND SOCIAL

Harrod Braddock of Eldridge, Volusia county, spent Friday in town.

Mr. and Mrs. Paul C. Smith drove over to Palatka and back in their car last Monday morning.

Mrs. Smith of Savannah, who has been spending the past several months with her daughter, Mrs. K. Borsen, left on Sunday for her home.

Mrs. Roland Woodward who has been visiting at the home of her daughter, Mrs. E. T. Clark, left for her home in Mandarin last Tuesday morning.

The Mathis Mercantile Co. of this place is advertising a big Mid-Summer Cash sale at greatly reduced prices in all departments from July 2d to 10th, and many there be who will find it.

Clarence Babers and Tom Russell returned from their two weeks' outing at Summer Haven beach last Friday with the usual beach tan and look of health.

R. C. Middleton and E. L. Mathis visited Hastings on Monday, going over and back in the Middleton car.

Mrs. J. H. Babers expects to leave in a few days for South Carolina to visit relatives and friends.

Rev. and Mrs. R. Shull Burris left on Monday for Columbus, Ohio, where they will spend the months of July, August and September with relatives. Their address will be 366 N. Monroe ave., Columbus.

Mr. and Mrs. E. W. McGrady, Mr. and Mrs. J. J. McGrady and Miss Adelle McGrady, went to Palatka last Friday on a shopping trip. They made the trip over and back in the E. W. McGrady touring car.

Miss Helen Norton expects to leave about the 15th inst. for Lake Chautauqua, N. Y., where she will enjoy the assembly program at that famous literary and musical center. Miss Norton expects to be absent until fall.

McIntosh Morrow spent Saturday, Sunday and Monday here with his old friends. He is now with the well-known firm of Shrader & Co., fruit and produce shippers of Jacksonville, and his work carries him much into the citrus fruit sections of the state.

Mr. and Mrs. M. H. Read left on Saturday for Onset, Mass., a point on Cape Cod, where they have leased a cottage for the summer. They were joined in Jacksonville by their niece, Miss Mollie Leach, who will spend the summer with them there.

Miss Ruth Herlong who has been a member of a party touring the west and California, is on her way back. Last Sunday she was in Chicago. Miss Herlong will visit a short time in Alabama before returning to Crescent City.

MacArthur Pipe, Crescent City's champion tennis player and also one of the honor students in the high school, left on Sunday for New Jersey, where he will spend the summer, provided he can stand those Jersey skeeters.

Mrs. M. M. Herlong held a family reunion party at her home on Sunday, and at the dinner served on the occasion, besides the members of the family living here, there were present Mr. and Mrs. A. S. Herlong and family of Center Hill and Mr. H. W. Herlong of Jacksonville.

There will be no Fourth of July celebration here, not even a ball game. Many are in consequence preparing to spend the day in Palatka, where a big celebration has been planned. The Crescent City stores will be closed all through the day, by agreement of the merchants.

Mr. and Mrs. C. H. Preston, Mr. and Mrs. L. C. Preston and Mrs. Rhoads went in the Preston touring car to Daytona Beach and return last Sunday. Ahead of them and showing the way was Capt. and Mrs. S. M. LaBree and party in the LaBree car. All report a delightful trip. They left at 6 o'clock, drove all over De Land, and were in Daytona Beach 10, and arrived home at 6:45 p. m.

Joseph Braddock of Daytona Beach, up to 10 years ago a prominent resident of this section, is here on a visit to the family of his son, Joseph Braddock Jr. His coming is a pleasure not only to his relatives, but to scores of old friends. Mr. Braddock is a scion of one of the first families to settle in this section, and the old Braddock homestead, where the battle of Braddock's Farm was fought during the civil war, is still a landmark. This was his father's home during those stormy times.

During the summer there will be no service at the Presbyterian or Episcopal churches, but by arrangement of the Baptist and Methodist pastors, there will be services at these churches on alternate Sundays. Last Sunday the service was at the Baptist church. Next Sunday it will be at the Methodist church. Other denominations represented here always take a summer vacation, and yet it is a fact that home people appear to turn out at church service in greater numbers in summer than in the winter season.

Mr. and Mrs. W. C. Norton will arrive home today after a couple months spent in New York and other northern states. Mrs. Norton has spent most of her time at her father's home on the Hudson. Since the adjournment of the General Assembly of the Presbyterian church at Rochester, N. Y., near the end of May, Mr. Norton has been sight-seeing. He has visited many points of interest, and has visited his old home in Michigan which he left 31 years ago to come to Florida. He also enjoyed a pleasant visit with his brother, Hon. A. J. Norton, in Chicago. On Thursday of last week he was at the celebrated Lake Mohonk Mountain House, Lake Mohonk, N. Y.

The city council is spending some money for shell to repair the roads.

The A. C. L. has had a force of men at work at the Junction and with a steam shovel is widening the road bed at that place. Great improvements are contemplated.

The new cemetery fence provided by the association has arrived. The fence is of iron and ornamental, and will have solid concrete posts like those surrounding the home of Capt. LaBree.

Rudolph Kinard of Hastings spent a portion of Monday in town. He reports all members of the family as well with the exception of his father, who has been suffering a slight ailment for some weeks.

At the final service for the summer at the Presbyterian church last Sunday evening, Miss Waterman of De Land sang a beautiful solo. Miss Waterman has a wonderfully clear, sweet and strong voice and her solo was greatly enjoyed by the congregation, many of whom remembered her as a little girl who formerly lived here and was a regular attendant of the church and Sunday school.

Jack Welch, our plumber and all round handy man, left this week for Toledo, Ohio. He expects to be away through the summer, and with the view of acquiring some automobile experience that will better fit him for garage work. He expects to return in December. If not successful in Toledo, he expects to go to Detroit, and will try for a place in the Ford Co's works.

Rev. R. L. Bonsteel of Louisville, Ky., who was recently called to the pastorate of the First Baptist church, arrived on Friday of last week and is making his home at the Turner House. Mr. Bonsteel officiated at both the morning and evening services of the church last Sunday and is said to be a preacher of both power and eloquence. Before his call to the ministry Mr. Bonsteel was a lawyer. It is understood that during the summer he will hold service here but two Sundays a month, going to another point for the other Sundays. The opinion is general that under his pastorate the local church will thrive as never before.

J. H. Neumann, a man who has resided here for a little more than a year, died on Wednesday of last week from cancer of the stomach complicated with dropsy. Neumann came here some six years ago with his wife and little daughter. He lived with them some time and then went north, remaining away several years. He returned something more than a year ago and after a few months was taken ill, since when his decline has been steady. For several years the family lived in the old Weaver home a mile or more south of town, then some months ago they took the cottage on the Will Miller grove on the Seville road where they have lived since. The funeral occurred on Thursday and the interment was in Eden cemetery. Much sympathy is felt for the wife and little daughter, who have written The News asking that through its columns they be permitted to thank the people of Crescent City and all who have contributed to their welfare and comfort during the illness and on the death of their husband and father.

The preliminary hearing of the State of Florida vs. W. J. Newman, charged with the murder of Deputy Sheriff Hunter, occupied the larger part of the day before Justice Paul C. Smith last Friday. The hearing was in the auditorium, and that large hall was well filled, people coming in from the country in all directions. It is estimated that 850 people were in attendance, over 50 of whom were ladies. Sheriff Kemmerly arrived with the prisoner from Palatka about 10:30 and the court convened immediately, remaining in continuous session until adjournment, about 3:45 p. m. The state was represented by State Attorney E. Noble Calhoun of St. Augustine, assisted by Col. G. E. Graham. The prisoner was ably defended by J. V. Walton, Esq., of Palatka. Only seven or eight witnesses were examined, but they at length. No witnesses for the defense were examined. At the conclusion of testimony Mr. Walton made an able plea for the defense, urging that the killing was in self-defense. Col. Graham who made an able speech for the state, held that the prisoner was guilty as charged. States Attorney Calhoun in his clear, concise talk, simply amplified the state's interest in the case and outlined the duties of the sitting magistrate. Justice Smith was brief; he held the prisoner to the grand jury on the charge of murder in order that a higher court might have the responsibility of the decision. It was understood at the close of the session that Judge Walton would appeal to the circuit court for Newman's release on a writ of habeas corpus, an account of which is on another page.

Had Him Guessing.

"Pardon me, old man, but people are wondering how you can afford to buy your wife the clothes she selects."

"I don't blame 'em. I wonder myself."

Opposite Results.

"That actress has had a paradoxical career."

"In what way?"

"She's come forward so because she had so much backing."

Slight Mistake.

"What do you think? Jim got a dog license by mistake when he applied for a marriage license."

"That doesn't make much difference. He'll lead a dog's life anyway."

Its Burden.

"Gwendolyn says she has a weight on her mind."

"How so?"

"She's got her feather fixed all right."

WOMAN PRAISES THAW

New Hampshire Woman Said She Was Glad To Introduce Her Daughters To White's Murderer

New York.—On the ninth anniversary of the killing of Stanford White, his slayer, Harry K. Thaw, was described at the trial to test his sanity as a man who was perfectly rational and more—kind, generous, charitable, a man of broad intellect and one worthy of being introduced in the best social circles. His eulogists consisted of a dozen men and women whom he had met during his sojourn in New Hampshire after his escape from the Matteawan insane asylum. They came to New York at the request of Thaw's attorneys to do the best they could, they admitted, to show their confidence in Thaw and their belief that he should be set free as a sane man. More than one stated that sentiment in New Hampshire was strong, ly in favor of Thaw.

One, the wife of a well-to-do manufacturer of Manchester, N. H., said that she had entertained Thaw socially at her home and had been glad to introduce her daughters to him.

Anxiety Over Mexico

Washington.—Anxiety increased in official quarters over the situation in Mexico City, as the state department has been unable to communicate by telegraph for several days with that city. Brief dispatches from Vera Cruz said Carranza officials were much chagrined at the apparent failure of Gen. Pablo Gonzalez was engaged in an artillery duel with the Zapatistas gave the first intimation that the Villa-Zapata forces in Mexico City had determined to offer resistance to the invading Carranza army instead of evacuating.

France Increases War Appropriation

Paris.—The bill appropriating 5,000,000,000 francs (\$1,130,000,000) to cover government expenses for the three months beginning July 1, was passed almost unanimously in the chamber of deputies. Alexandre Ribot, French minister of finance, in a speech on the bill prior to its passage, said he recognized the necessity of France buying as little abroad for the requirements of war as possible. To do so, he asserted, would be one of the most important economies for the country.

New Note To England

Washington.—United States government officials had under consideration with the new American note to Great Britain concerning delays to neutral commerce the latest British memorandum on the subject. The British note, which was published in Washington and in London, explains in detail measures taken by the British government to minimize inconveniences to neutral commerce under the order in council. The claim is made, however, that Americans have no just ground for complaint.

TRANSPORTATION TIED UP

Chicago In Throes Of Immense Strike. Several Acts Of Violence Are Reported

Chicago.—Complete tie-up of all surface transportation lines marks the Chicago street railway employees' strike. The elevated companies are running occasional trains over part of the system, but these carry few passengers and make irregular stops. A few minor acts of violence were reported.

Prospects of the United States overseeing the operation of the Oak Park division of the elevated were seen in an order by Federal Judge C. C. Kohl-saat, directing Samuel Insull, receiver for the Oak Park elevated, to resume operations immediately and to report "any unlawful interference or obstruction by any persons whomsoever for such action as the court may deem proper."

With normal transportation means totally paralyzed, Chicago's population walked to work or rode in automobiles, steam trains or buses which included vehicles of all descriptions, ranging from converted ice wagons to huge delivery motor trucks with seats for 40 or 50 passengers.

Speaker And Governor Laborers

St. Louis.—Governor Major of Missouri and Champ Clark, speaker of the national house of representatives, celebrated Missouri Good Roads Day by working on the roads near Jefferson City, side by side with twenty-five convicts from the state penitentiary. Good Roads Day was generally observed throughout the eastern section of the state.

Maintain Silence In Dardanelles

London.—There have been so many rumors recently that the allies had forced the Dardanelles that Sir James H. Dalziel asked Premier Asquith in the house of commons if there was any truth in the reports. "None whatever," was the reply. The premier said it was not in the public interest to say anything now about the Dardanelles. "The operations are of the highest importance," he added, "and they will be pushed to a successful conclusion beyond the shadow of any doubt whatever."

Had Been There Before.

Dasher had evidently had experience. Laaber—"We're going to have some amateur theatricals at my house next week and a big supper afterward. Can you be there?" Dasher—"Oh, I'll be there, old man, but—er—I may be late."

PALATKA - FLORIDA

Gone To Summer Capital

Washington.—President Wilson left on a trip to Roslyn, N. Y., and Cornish, N. H., intending to be away from Washington until July 6. The president spent a day with his friend, Col. E. M. House, of Roslyn, leaving there for the "Summer White House" at Cornish. This will be the first time the president has seen Colonel House since his return from Europe. They discussed the war situation generally and the colonel informed the president of the views he gained from European officials.

Working Women Enter Protest

Washington.—President Wilson received a delegation from the National Women's Trade Union League presenting resolutions opposing war and advocating an embargo on war exports. The president expressed deep interest. "Of course," he said, "we are all in favor of peace." The delegation told the president their organization, representing 100,000 working women, would resist any attempt to embroil the United States in the European war, or to conduct any armed interference in the affairs of Mexico.
